Community Education Partners (Q) Houston, Texas	N/A	Community Education Partners	-	Non-secure	Owned/Leased	Jun-09	(4) 1 year	N/A

- (A) The year constructed represents the initial completion of the facility's construction, as well as significant additions to the facility that occurred at a later date.
- (B) Design capacity measures the number of beds, and accordingly, the number of inmates each facility is designed to accommodate. Facilities housing detainees on a short term basis may exceed the original intended design capacity for sentenced inmates due to the lower level of services required by detainees in custody for a brief period. From time to time, we may evaluate the design capacity of our facilities based on the customers using the facilities, and the ability to reconfigure space with minimal capital outlays. We believe design capacity is an appropriate measure for evaluating prison operations, because the revenue generated by each facility is based on a per diem or monthly rate per inmate housed at the facility paid by the corresponding contracting governmental entity.
- (C) We manage numerous facilities that have more than a single function (i.e., housing both long-term sentenced adult prisoners and pre-trial detainees). The primary functional categories into which facility types are identified was determined by the relative size of prisoner populations in a particular facility on June 30, 2008. If, for example, a 1,000-bed facility housed 900 adult prisoners with sentences in excess of one year and 100 pre-trial detainees, the primary functional category to which it would be assigned would be that of correction facilities and not detention facilities. It should be understood that the primary functional category to which multi-user facilities are assigned may change from time to time.
- (D) Remaining renewal options represents the number of renewals options, if applicable, and the remaining term of each option renewal.
- (E) The facility is subject to a ground lease with the County of San Diego whereby the initial lease term is 18 years from the commencement of the contract, as defined. The County has the right to buy out all, or designated portions of, the premises at various times prior to the expiration of the term at a price generally equal to the cost of the premises, or the designated portion of the premises, less an allowance for the amortization over a 20-year period. Upon expiration of the lease, ownership of the facility automatically reverts to the County of San Diego.
- (F) The facility is subject to a purchase option held by Huerfano County which grants Huerfano County the right to purchase the facility upon an early termination of the contract at a price generally equal to the cost of the facility plus 80% of the percentage increase in the Consumer Price Index, cumulated annually.
- (G) The facility is subject to a purchase option held by the Georgia Department of Corrections, or GDOC, which grants the GDOC the right to purchase the facility for the lesser of the facility's depreciated book value or fair market value at any time during the term of the contract between us and the GDOC.
- (H) The facility is subject to a deed of conveyance with the city of Wheelwright, KY which includes provisions that would allow assumption of ownership by the city of Wheelwright under the following occurrences: (1) we cease to operate the facility for more than two years, (2) our failure to maintain at least one employee for a period of sixty consecutive days, or (3) a conversion to a maximum security facility based upon classification by the Kentucky Corrections Cabinet.
- (I) The facility is subject to a purchase option held by the Tallahatchie County Correctional Authority which grants Tallahatchie County Correctional Authority the right to purchase the facility at any time during the contract at a price generally equal to the cost of the premises less an allowance for amortization originally over a 20 year period, and which amortization period was extended through 2050 in connection with an expansion completed during the fourth quarter of 2007.
- (J) The State of Montana has an option to purchase the facility generally at any time during the term of the contract with us at fair market value less the sum of a pre-determined portion of per-diem payments made to us by the state of Montana.
- (K) The facility is subject to a purchase option held by the Oklahoma Department of Corrections, or ODC, which grants the ODC the right to purchase the facility at its fair market value at any time.
- (L) Under the terms of a ground lease with Shelby County, if the County terminates the lease without cause, or breaches the lease or the State fails to fund the contract, we may purchase the property for \$150,000. During the second quarter of 2008, Shelby County elected to terminate the ground lease. We are currently evaluating stratigies to maximize the value of the Shelby Training Center and expect to complete the purchase of the land during the fourth quarter of 2008.
- (M) The state of Tennessee has the option to purchase the facility in the event of our bankruptcy, or upon an operational breach, as defined, at a price equal to the book value, as defined.
- (N) The District of Columbia has the right to purchase the facility at any time during the term of the contract at a price generally equal to the present value of the remaining lease payments for the premises. Upon expiration of the lease, ownership of the facility automatically reverts to the District of Columbia.
- (O) In May 2008, we notified the Bay County Commission of our intention to exercise our option to terminate the operational management contract for the Bay County Jail and Annex in Panama City, Florida, effective October 9,
- (P) In April 2008, we agreed with the New Mexico Department of Corrections to suspend operations of this facility and transfer existing populations to our New Mexico Women's Correctional Facility. The agreement with the New Mexico Department of Corrections provides that if female populations increase to a rate sufficiently operate the facility in the future that we would re-establish operations at such time.
- (Q) The alternative educational facility is currently configured to accommodate 900 at-risk juveniles and may be expanded to accommodate a total of 1,400 at-risk juveniles. During November 2007, we accepted an unsolicited purchase offer from Community Education Partners to purchase this facility. During February 2008, at the request of CEP, we agreed to extend the closing date and fix the sale price through June 30, 2008. During the second quarter of 2008, CEP did not elect to purchase the facility and instead signed a new one-year lease with four one-year renewal options.
